WINNIPEG, July 6.

Another cyclone has been at large throughout Iowa and Illinois, destroying property and doing great damage. At New Brunswick, New Jersey, the round house was blown down, burying three men in the ruins.

Letters threatening the life of the Emperor of Germany continue to be received at the palace, and thus far the police have been unable to trace the senders. Apprehensions for the safety of the emperor have been freely expressed.

The complete breakdown of the Eastern Telegraph Co. system between Java and Port Darwin in the South Pacific Ocean, is creating a strong feeling amongst the commercial public in favor of a Pacific cable from Vancouver to Australia. The feeling was voiced at the annual meeting of the new Oriental bank. The opinion was expressed that the imperial and colonial governments should hasten the proposed survey of the route.

This was the opening day of the third regatta of the Minnesota and Winnipeg Rowing Association held at lake Minnetonka, Minnesota. The water and weather were perfect. The course was one and a half miles with turn. The first race was of the junior double crews, in which Winnipeg, Lurline, S. Paul, and Duluth entered. They got off well. The Lurline came in first, Winnipeg second, St. Paul third and Duluth fourth. The next was the senior single race. The entries were: Turnbull, Winnipeg; Muchmore, Lurline; Wright, Lurline; and Silvey, Duluth. Muchmore came in first, Wright second and Turnbull third. The next race was the junior four oared. The Lurline came in ahead with Winnipeg half a length behind. This race was declared off on account of a foul, which would have given it to Winnipeg. It will be rowed to-morrow.

WINNIPEG, July 7.

At the Minnetonka regatta the junior four oared race was rowed over with the same result as yesterday.

Work on the Manitoba Central has been suspended for the present. It is looked upon as an election scheme.

Detectives in Quebec City have been on the hunt for a young man who was clerk in Mr. Caswell's bank in Qu'Appelle, Assa. He fled with \$2,000 a short time ago to England, returning here it is thought by the Vancouver on her last trip.

WINNIPEG, July 12.

Yesterday's election, as far as the city was concerned, was the quietest in the history of political contests in Winnipeg. There was an entire absence of excitement; in fact little or no interest was manifested. The grits seemed to have most complete organization and their claim that they polled the entire vote pledged to their candidates is correct. The conservatives lacked organization and a considerable portion of their vote was not brought out. After the result was known a procession paraded Main Street and Portage Avenue for about two hours. The report at first brought in that Norquay was defeated was wrong. He is elected by a small majority.

The following is the result of the Manitoba elections: Government—John Crawford, Beautiful Plains; C. G. Mickle, Birtle; J. A. Smart, Brandon Centre; C. Sifton, Brandon North; Graham, Brandon South; Jerome, Carillon; Gellay, Cartier; McLean, Dennis; Roblin, Dufferin; Thompson, Emerson; Young, Killarney; Dickson, Lansdowne; McKenna, Lakeside; Gagnon, Laverdrie; MacDonald, Lorne; Winram, Manitou; Greenway, Mountain; Lawrence, Morden; A. F. Martin, Morris; Thompson, Norfolk; Jos. Martin, Portage la Prairie; Winkler, Rosenfeldt; Jackson, Rockwood; Harrower, Shoal Lake; Campbell, Souris; Colcleugh, St. Andrews; Hettie, Turtle Mountain; McMillan, Winnipeg Centre; Jones, Winnipeg North; Campbell, Winnipeg South; Morton, Westbourne; Prendergast, Woodlands. Total 32, ten being by acclamation. Opposition—Norquay, Kildonan; Marion, St. Boniface; Dr. Gunne, Cypress; Gillies, Minnedosa. Total 4 Independent—Smith, Springfield, by acclamation. Russell election between Fisher, government, and Mitchell, opposition to take place on the 14th.

OTTAWA, July 5.

Delegates are now on the way from Australia to interview the government respecting the interoceanic cable project.

No cabinet appointments are likely to be made for some time.

OTTAWA, July 9.

Long service badges are to be supplied members of the Governor-General's Foot Guards.

Hon. Mr. Foster has gone to Cumberland, Nova Scotia, to assist Mr. Dickey in his election campaign.

John Frankrim, a gunner of "A" battery was shot in the head while at target practice in Kingston on the 9th, perhaps fatally.

A fire on Saturday destroyed the Midland railway depot at Carson's siding and 4,000 telegraph poles as well as Decatur's steam saw mills. Loss \$20,000. No insurance.

OTTAWA, July 10.

The deputy ministers of justice and interior leave to-morrow night for the Pacific coast on departmental business.

MONTREAL, July 10.

Dumont has received several letters from the half-breeds of the North-West in which he is recognized as the head of their people and urged to prevail upon the federal authorities to grant the Metis their rights. One letter says: "Were we strong enough we would remember what has been done." "Dear Dumont, defend our rights and we will stand by you and give you the last drop of our blood."

REGINA, July 10.

Deputy attorney-general Harrison of New Brunswick has been here for a few days, and is the guest of Col. Stone.

The rumor is again current that the C. P. R. has purchased a controlling interest in the Regina & Long Lake railway.

Returns from Souris are not complete, but Campbell is probably elected over Turfiff, member for the old constituency of Moose Mountain.

PRINCE ALBERT, July 13.

The final returns in Prince Albert constituency are: Plaxton, 354; Betts, 346; Hughes, 309. Capt. Hoey is elected in Kintleno by 13 majority.

The defendant not being ready for trial the case was adjourned until Friday morning. Mr. R. Strachan, crown prosecutor, appeared for the prosecution and Mr. C. H. Connors for the defence. After the evidence having been heard and the case duly considered the defendant was fined \$50 and costs, which were forthwith paid.

THE two hives of bees brought in by express about a month ago by Messrs. J. Knowles and Thos. Henderson are doing well so far. About half the bees were dead when the hives arrived here, but notwithstanding this and the continuous rainy weather which followed for three weeks, both swarms have done well, and are gathering honey rapidly and doing well generally. They are of the Italian variety and came from Niagara Falls. This is the first attempt at the introduction of bees into this part of the country.

THE Minnow arrived from Lamoureux' landing on Friday afternoon.

EDMONTON BULLETIN, JULY 14, 1888.

THE MINISTER OF INTERIOR.

The news that the appointment of ex-lieut. governor Dewdney as minister of the interior has not yet been made, and is not likely to be for some time, is most welcome. It is to be hoped that when the newspapers of the North-West which have been endorsing his prospective appointment on merely sectional grounds are given time to think the matter over they will conclude that the mere fact of Mr. Dewdney's having drawn a high salary as a government official in the North-West for a number of years does not necessarily place him in such sympathy with the men who form the backbone of the country as to enable him to satisfactorily represent their interests in the cabinet, but rather the contrary. He has represented the government interests for so long that the training has necessarily disqualified him from representing the people. If Mr. Dewdney as Indian commissioner has administered Indian affairs honestly, economically and successfully; if his connection with the police has resulted in credit to the force and the promotion of peace and order; if his office of lieutenant governor has been used to forward the desire of the people of the North-West for good and constitutional government; and if his administration of the permit system has been in accordance with the letter or spirit of the law on which it is based and conducive to the welfare of the community, his record is a recommendation to the higher office; but if his administration of Indian affairs resulted in the good name of Canada being dragged in the dirt, in the taxpayer being robbed and the Indian being driven to rebellion; if he only exercised the authority over the police vested in him to defeat the ends of justice; if his authority as lieutenant-governor has only been used to prevent the attainment of local self government by the people of the Territories; and if the permit system has been debased to the lowest degree and the prohibitory law rendered a farce directly by and through him, the resident of the North-West must be insane who would ask for the administration of our lands, timber and minerals, local government, police and Indian affairs by such a man. To say that any one of the four North-West M. P.'s could not fill the office more acceptably than Mr. Dewdney would be nonsense. Then why should not one of them be chosen? If Mr. Dewdney must be forced on the country as minister of the interior because he is a personal friend of Sir John it will be in order for the public to consider how many such appointments they can stand even for Sir John's sake.

THE NORTH-WEST

Arrived from Grand Rapids about 5 o'clock on Sunday evening, 8th inst., bringing the following passengers, nearly all of whom were making the round trip: Mrs. Wm. Clarke, Mrs. Capt. Robinson, Jos. Wrigley, Jr. and Colin Bird of Winnipeg; Mrs. Lawrence Clarke, Miss Fortescue, Mrs. John Macdonald and son, Miss Macdonald, Rev. Sister Brassard, for St. Albert Mission, C. Delagorgendiere and family, John M'Auley and Augustus Gervais from Prince Albert; R. C. Laurie, D. L. S., from Battleford; and Mrs. F. D. Wilson, from Victoria. A large number of parties were also landed at points lower down the river. A number of the Pas Indians or half-breeds who left the treaty a year or two ago were brought to Fort a la Corne, where they intend settling as farmers. The cargo was the largest ever brought up the river, 227 tons, chiefly the Edmonton, Athabasca and Peace river outfits of the H. B. Co. A safe for Brown & Curry and a rink of curling stones for Thos. Anderson, crown timber agent, was the only freight for parties other than the H. B. Co. Considering the heavy cargo the steamer made one of the quickest trips on record. The connecting lake steamer from Winnipeg did not reach Grand Rapids until June 18th and passed large quantities of ice on the way out. The North-West got away on June 24th, reached Camberland on the 26th, Prince Albert on July 1st, Battleford on the 3rd and Edmonton on the 8th. The follow-

ing are the officers this season: Jas. Sheets, captain, Peter Mowat, mate, A. L'Heroux, 1st engineer, Geo. Whitla, 2nd engineer, Peter Smith, 1st pilot, Pierre Dorion, 2nd pilot, R. S. McGinn, clerk.

The North-West left Edmonton for Grand Rapids on Tuesday afternoon, having taken on a large quantity of fur for the H. B. Co., and some 3,000 feet of lumber for Pitt from Fraser & Co's mill. The following were the outgoing passengers: Mrs. Thos. Anderson, for Toronto, Mrs. Hibbard, for Winnipeg, Mrs. W. Taylor for Bresaylor settlement, J. McD. Gordon, for Prince Albert and S. B. Culbert for Southampton, Ontario. The steamer will not return to Edmonton this season, but will make a trip to Pitt and another to Prince Albert. She is the only steamer of the Winnipeg & Western company's line in service this season.

RECEPTION.

The public reception accorded Senator Hardisty on his arrival from the east on Monday last was a very successful affair. Arches of evergreens trimmed with flags had been erected: one at the head of the grade from the ferry landing where the town was to be entered; another bearing the motto "Welcome Home," on Main street at its junction with Jasper avenue, where the address was to be read; and a third over the gate to the grounds surrounding the "Big House," where Mr. Hardisty as chief factor in the H. B. service resides. Upwards of one hundred four horse, double and single rigs fully occupied, with nearly an equal number of mounted men and many people on foot assembled on the upper bank of the river above the ferry landing in front of the fort early in the afternoon to take part in the reception. At three o'clock Mr. Hardisty appeared on the opposite bank and a salute was fired from the two bronze cannon of the Fort while he was crossing on the ferry. A four horse team driven by A. D. Osborne met him at the ferry landing and brought him up the hill. As he passed under the arch three hearty cheers of welcome were given, and the procession of wheeled vehicles, mounted men and pedestrians formed and proceeded at a good pace up town, passing under the Main Street arch to the music of the bag pipes played by Mr. Thos. Hourston. At the brow of the hill overlooking Fraser & Co's mill the procession turned, and on reaching the Main street arch again, halted. Mr. Hardisty took his place on a platform that had been erected, and the following address was read and presented by Thos. Anderson, crown timber agent:

TO THE HON. RICHARD HARDISTY, SENATOR.
EDMONTON, ALBERTA.

DEAR SIR:—It was with the greatest pleasure and satisfaction that your friends in Alberta (and, indeed, throughout the entire North-West) learned of your call to the senate, but, to the people of this district—where you had passed so many years of your life, with whose interests you had so thoroughly identified yourself, and where you were so well and favorably known—your appointment was peculiarly gratifying.

Voicing, as we believe, the sentiments of the district generally, we now take this, the earliest, opportunity of welcoming you back to us and to your old home and tendering you our sincere and heartfelt congratulations on the appointment just referred to.

In selecting you for the position of senator (a position all the more prominent and distinguished in that you are the first, and, as yet, the only senator for the North-West Territories) we are assured that the government, while conferring on you a conspicuous honor, has in no less degree, done itself credit, and in these days, when politics are conducted with such bitterness and rancor and political preferment is so severely criticized, it must be an intense satisfaction and a pardonable pride to you, as it is to us, to know that from one end of Canada to the other, your appointment was not merely received without dissent, but was criticized only to your advantage and so as to justify the judgment shown in making it. It is something, and, indeed, a great thing, to win the good opinion of one's immediate friends, but it falls to few to have their political advancement so unanimously approved as has been yours.

Though your presence at the last session of parliament was unavoidably of short duration we observed that in the inquiry respecting the resources of the Mackenzie river basin, a subject of the very first importance to Alberta, you were on all sides quoted as an authority and were acknowledged as the source of most of the information contributed to the debate on that occasion. We feel confident that, however unostentatious your efforts, you have the welfare and prosperity of our North-West (and more particularly Alberta) truly at heart and that your best energies will be devoted to forwarding the same.

We also congratulate you on your promotion in the service with which you have for a lifetime been connected but, while doing so, hope you may find it compatible with your new duties to continue your residence amongst us.

We are aware that you left here last year in search of health: we earnestly trust you have found it and that you return to us completely restored.

Had time permitted, this address, we may say, would have been all but universally signed but, such as it is, we present it, believing that this way of expressing our esteem will be more to your own liking and be better appreciated by you than any other we could adopt.

We again welcome you back and, wishing for both you and Mrs. Hardisty long life and much happiness, we are your sincere friends.
Edmonton, Alta., 9th July, 1888.

One hundred and twenty signatures follow.
Mr. Hardisty replied as follows:

GENTLEMEN,—
I must say this is a great surprise to me: I never expected such a reception, and I am

sure I cannot thank you too much for the very flattering address you have just now been good enough to present to me.

It is with unfeigned pleasure I receive your hearty and (I am sure) sincere congratulations on my appointment as the first senator for our great North-West; and to such of you as then supported me I may say that your labors on my behalf during the early part of last year were not altogether without some result. But it gratifies me to see that your address is signed irrespective of party and it has been, indeed, a great satisfaction to me to know that there was no dissenting voice in regard to my appointment, though I feel it might have been otherwise had I been better known. I am bold to say, however, that I have the interests of the North-West at heart, and you may rest assured that my best energies will be devoted to that end and, more specially, to the welfare and development of Alberta which I believe (and I think you will agree with me) is the best portion of the territories. I only trust I may not disappoint you in my endeavors to serve you.

I am afraid I have received at your hands more credit for furnishing information about the Mackenzie river basin than I have deserved; still I hope, some day, if spared, to speak authoritatively—and from personal observation—of that part of the Dominion. I think I may lay claim to being, in a measure, instrumental (with others) in having the supplies for that northern region forwarded through Edmonton, and I trust our settlement may long enjoy the benefits accruing from the adoption of this route.

The promotion in the H. B. service to which you refer destined me to a roving and wandering life and one that will in a large measure assist me in gaining more knowledge of our great Dominion; but at the same time, believe me, so long as I can consult my own feelings so long shall I hold to Edmonton as my home and, indeed, my retaining the charge of this district will, of course necessitate my being here a considerable portion of my time.

With regard to my health, about which you have so kindly expressed yourselves, I may say that though I did not carry out my doctor's instructions so thoroughly as I should have done, I am nevertheless somewhat better than when I last saw you a year ago.

I assure you, I had no desire to prolong my absence; I always longed to breathe the North-West air again, and, let me tell you, that the greatest pleasure I experienced during the last twelve months was when the day came that I had to "pack up my traps," and steer for old Edmonton. It gives me now real delight to see your familiar faces once more, and you may feel confident that, when I again leave to attend to my parliamentary duties, Edmonton will not be forgotten.

I now again thank you for your kind address and for your good wishes both to Mrs. Hardisty and myself, and I sincerely hope we may all live happily together and see in Edmonton a populous and prosperous centre.

Your sincere friend,
RICHARD HARDISTY.

Three cheers were then given for Mr. Hardisty and three more for Mrs. Hardisty. The procession then formed again and proceeded to Mr. Hardisty's residence, where it broke up with three parting cheers. The address which was prepared by Geo. A. Watson, expresses the sentiments of the community towards Mr. Hardisty personally and regarding his appointment to the senate. The appointment of a resident of this locality to that body is a compliment which deserves hearty acknowledgment, as also the fact that the merit of the gentleman appointed made the compliment possible.
